

## Connecting the Laptop to the Tablet

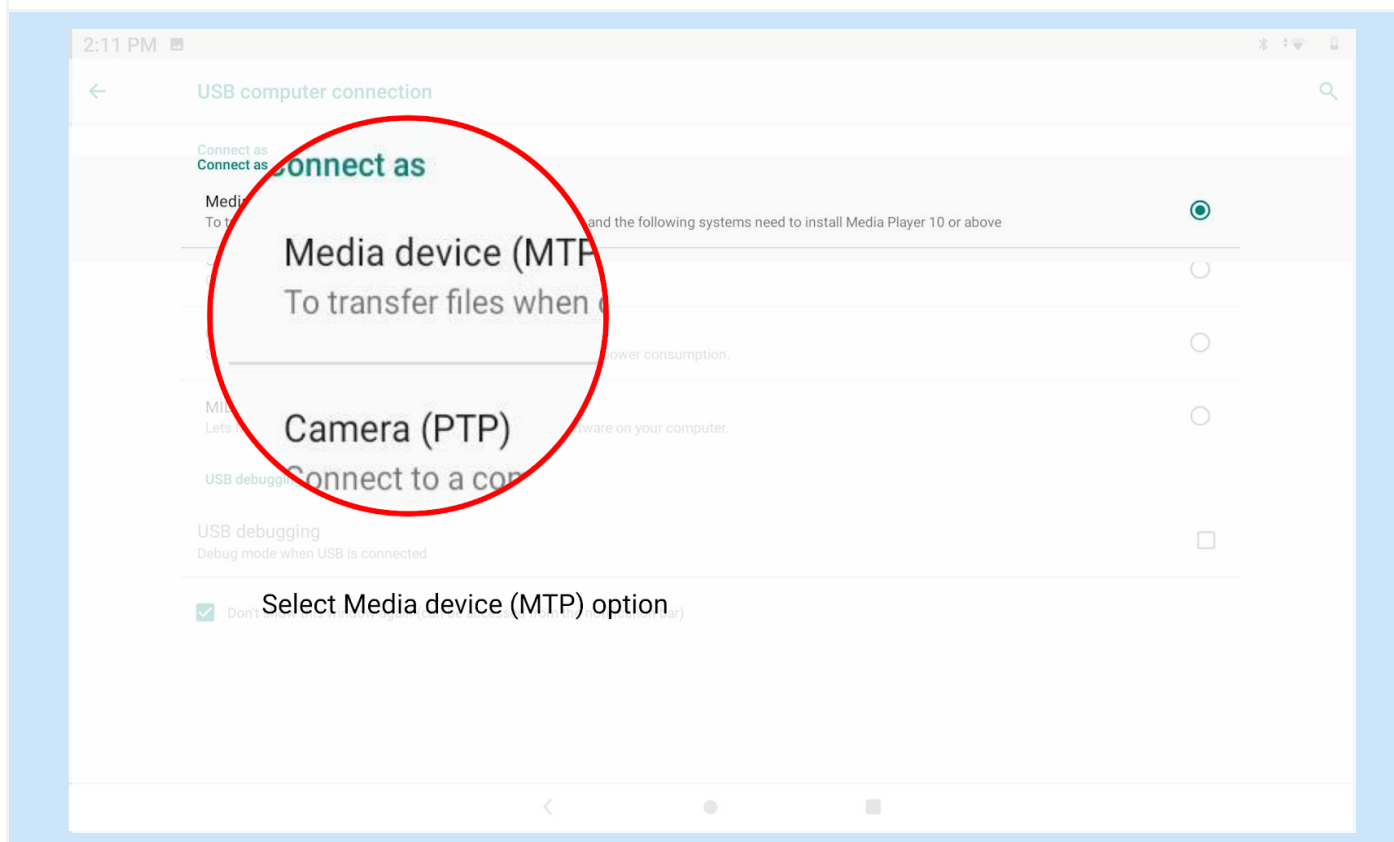

Step 01: Connect the Tablet (Micro USB port) to the Laptop (USB port)

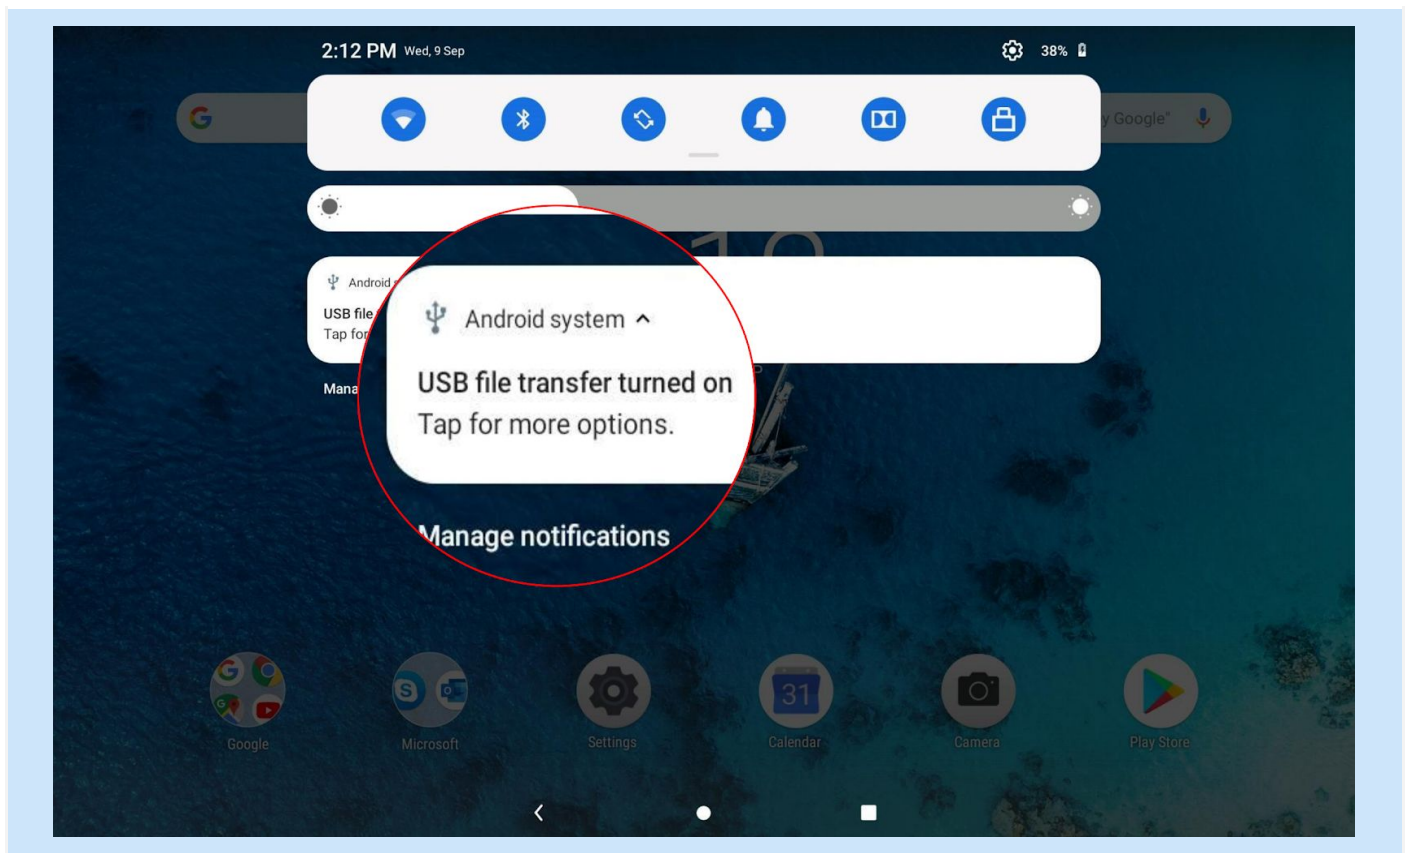

Step 02: If the Tablet is successfully connected to the Laptop it gives a beep sound. Notification window will pop-up with a message 'Charging this device via USB'. Click on 'Tap for more options'.

In the USB computer connection window - Charge only option is applied by default.

Step 03: Select Media device (MTP) option to activate data transfer

Once MTP option is selected, the Notification window updates the status as USB file transfer turned on - Now, access the Tablet internal and SD card data storage from the Laptop using File Explorer.
